

Sunday March 2, at noon

Are you a woman with alopecia areata? Don't miss our first central New Jersey lunch. We're all about comfort, so please join us with a wig or without. Or, come with a wig and take it off...whatever works for you! Owner of countless wigs and hats, Ms. Chassin leads the empowering and inspirational talk at the table in her bald look. We have ideas for creating your wig wardrobe, faking it without lashes and more! Many wish that friends and family understood this disease better. We help women face the challenges of accepting and discussing this disease. We provide practical solutions for talking to others and raising self-confidence. Our lunches are a unique and special opportunity. We look forward to meeting you!
